

DRIVECAM PROTECT SAFETY PROGRAM

PROTECT YOUR BUSINESS BY MANAGING YOUR MOST AT-RISK DRIVERS

Identify and focus on the 20 percent of your drivers who would benefit most from coaching with the DriveCam® Protect program.

This streamlined video-based safety program gives you industry-leading video technology, predictive analytics, and proactive training tools to help you reduce risks and prevent collisions – all with little impact on your day-to-day operations. It's a simple and efficient way to manage your drivers for a safer, more productive fleet.

THE DRIVECAM PROTECT SAFETY PROGRAM

Simplify Your Fleet Management

DriveCam Protect uses powerful, high-performance analytics to score drivers which helps you identify your best drivers for recognition, and focus on riskier drivers who could benefit from coaching.

Focus On 20 percent of Your Active Fleet

Select drivers you want to manage each month for video coaching, and monitor the progress of every driver with insightful data and scores.

Protect All of Your Drivers

Gain peace of mind for your entire fleet and protect all your drivers with retrievable video as needed. Additional fees may apply.

DRIVECAM PROGRAM HIGHLIGHTS

A True Picture of Performance

When triggered by an unusual driving incident, our event recorder captures video and data that can help inform coaching sessions, reward good driving, and exonerate drivers from false claims.

Keep Your Company's Future Safe

Minimize and prevent collisions with Lytx® predictive analytics – actionable intelligence gathered from over 45 billion miles of driving data.
